

<p align="center">Geography</p> <p>We will be looking at where different foods come from, using our mapping skills to locate different countries and what they produce. We will then investigate how the food produced helps the economy and how it travels to other parts of the world.</p>	<p align="center">Science</p> <p>In Science we will be learning about the different food groups and classifying foods into them. We will also learn about what makes a balanced diet and what nutrients we need to stay healthy.</p>	<p align="center">MFL – French</p> <p>This term we will continue learning some French. We will learn how to say hello and goodbye as well as introduce ourselves and talk about where we live and how old we are. We will also learn the names of some foods.</p>
<p align="center">Maths</p> <p>We will continue our learning on addition and subtraction. This will include adding and subtracting two 3 digit numbers as well as using the inverse to estimate answers to questions. We will also carry out some problem solving linked to the two operations. Towards the end of term we will start to look at multiplication and division.</p> <p>Throughout the term we will work on our problem solving skills as well as learning our 3, 4 and 8 times tables.</p>		<p align="center">English</p> <p>Our English work this term will be based around reading and writing recipes and instructions. We will learn about the main features of instructions and analyse what makes a good set. We will then write our own recipes and instructions linked to our topic. Throughout the term we will incorporate different elements of SPAG including use of a/an, contractions and prepositions etc.</p> <p>In Whole class Guided Reading we are going to read ‘Charlie and the Chocolate Factory.’</p>
<p align="center">PE</p> <p>Outdoor PE – Indoor PE – Gymnastics</p>	<p align="center">Year 3 Curriculum Overview Autumn Term Scrumdiddlyumptious</p>	<p align="center">Computing</p> <p>We will use ICT to make adverts and posters. We will also have a go at filming an advert for our smoothies.</p>
<p align="center">PSHE</p> <p>This term includes Anti-Bullying week during which we will look at what bullying is and how we can help each other to stamp out bullying. We will also look at what makes a good friend and how we can support each other in class. As part of our topic we will learn about fair trade and food sustainability.</p>	<p align="center">Art</p> <p>We will sketch a range of food, adding detail using a magnifying glass to help.</p>	<p align="center">RE</p> <p>Christianity – this term will be focused around the Christmas story and its importance to Christians. We will learn about some of the different traditions and symbols linked to Christmas.</p> <hr/> <p align="center">DT</p> <p>We will design and make packaging for a healthy lunch. This will include using a variety of tools and materials. Throughout the topic we will learn about the health and safety rules involved when following recipes. We will also plan and make our own smoothies and then design packaging for them.</p>
